

Behavioural Family Therapy (BFT) TRAINING TRAINERS COURSE

Venue: Ramada Birmingham Solihull Hotel, The Square, Solihull, B91 3RF

Dates: 5-9 March 2018

This course is open to those who have completed initial training in Behavioural Family Therapy. The purpose of the course is to provide participants with the skills necessary to train and supervise therapists in the use of family interventions for schizophrenia and other psychotic disorders. The course is participative in nature and will provide participants with the opportunity to practice skills and to receive feedback from fellow participants and from the facilitators. Those attending will learn skills for use in straightforward training and supervisory situations, and also how to handle unexpected events and awkward questions.

The training is intensive, with a high tutor to participant ratio (1:5). Through role-play, group exercises and videotaped sessions, participants receive thorough and detailed feedback on their performance and areas for development.

Cost per place: £1,900 (Excluding accommodation)
Inclusive of lunch and refreshments. Accommodation is available on site.
